EXPERIENCE

UNC-Chapel Hill Boot Camps – Chapel Hill, NC
Full Stack Developer Student - 6 months, 20-25 hours per week

Apr - Sep 2022

- Developed over 20 coding projects, including 3 group projects, using Visual Studio Code and Git version control
- Led and collaborated with a team of 4 classmates to complete the final full-stack project—DevNet—a social network using the MERN stack and Apollo Server and Client to enable signup/login authentication and CRUD operations
- Refactored a Google Book Search application from an existing RESTful API to a GraphQL API with a client and server
- Implemented JEST and Node.js to practice test-driven development and create a command-line team profile generator from user prompts

Xerox Corporation – Cary, NC

July 2020-Present

Project Analyst - Information Technology

- Leading the creation of a Modern Data Platform to be used as the global payroll reporting tool and integrate 41 countries spanning the EMEA, LATAM, and APAC regions
 - Managing the data migration of 30 independent payroll systems into a Global Payroll Reporting system
 - Closely work with Business Analyst to communicating project requirements to vendors, including pgp encryption, Secure File Transfer Protocol, testing expectations, timeline, and purchase order process
 - Navigate language and cultural barriers by leading global project calls across project time zones
 - Lead weekly calls with the Chief Privacy Officer and Legal teams to manage data privacy requirements (GDPR, Workers' Council) and the draft/approval process for all Data Transfer/ Employee Consent Agreements
 - Coordinate with the Global Procurement Division and Vendor Management Office to facilitate Purchase Order creation for 20+ vendors.
 - Present project status to Enterprise Project Management Office and Senior Leadership Team monthly
- Manage the Payroll Project's 55 integrations as the point of contact for 10 Business Analysts/Testers and 20+ vendor teams for risk assessment with assistance from Project/Program Managers as required
 - Routinely create and aggregate status updates, manage schedule and weekly calls, and present 40+ stakeholders

LEADERSHIP AND COMMUNITY INVOLVEMENT

CAROLINA WOMEN'S CENTER ALTERNATIVE SPRING BREAK, Volunteer,
Wilmington, NC

- Served domestic violence organizations for 8 hours a day in eastern North Carolina through manual labor to improve client living conditions
- Engaged in literature review of domestic violence with peers, reviewing statistics of its prevalence and ways in which it functions, to increase our knowledge of the issue and develop solutions
